

## Mastery of Lean Thinking

## Accreditations

### Mastery Accreditations

Mastery Training Modules (5):

1. Flow Thinking
2. Complexity Thinking
3. Distributed Leadership
4. Team Science
5. Lean Thinking

After receiving an advanced accreditation in any of the five advanced tracks (Flow Thinking, Complexity Thinking, Distributed Leadership, Team Science, Lean Thinking), participants can begin working toward a mastery accreditation in their chosen track. There are five possible Mastery Tracks to choose from (see list above). The mastery track selected is based on one's desire or need.

To obtain a mastery accreditation in any of the five mastery tracks, one must successfully complete all five of the mastery level courses listed for the selected master track.

For example, after completing a Flow System Foundations (FS-1) accreditation and advanced accreditation in Distributed Leadership (DL-A1), to obtain a mastery accreditation in Distributed Leadership one must successfully complete each of the five mastery level Distributed Leadership training courses; Individual Leadership (DL-M1), Shared Leadership (DL-M2), Organizational Hybrid (DL-M3), Multiteam Systems Leadership (DL-M4), and Advanced Distributed Leadership (DL-M5).

## Mastery of Lean Thinking Accreditation Track

### Flow System Foundations Accreditation

1. Flow System Foundations Accreditation
  - Successful completion of the Flow System Foundations course
  - Pass Flow System Foundations test with a score of  $\geq 85\%$

Course	Course Completion & Exam ( $\geq 85\%$ )	Accreditation
Flow System Foundations (FS-1) Course		Flow System Foundations Accreditation

### Advanced Accreditations

1. Advanced Accreditation
  - Accredited in The Flow System Foundations course (FS-1)
  - Successful completion of the selected advanced course (Flow Thinking, FL-A1; Complexity Thinking, CT-A1; Distributed Leadership, DL-A1; Team Science, TS-A1; Lean Thinking, LT-A1)
  - Pass the advanced test with a score of  $\geq 85\%$

Courses	Course Completion & Exam ( $\geq 85\%$ )	Accreditations
Foundations Course		Foundations Accreditation
Advanced Courses		
Flow Thinking (FL-A1)	 + 	Advanced Flow Accreditation
Complexity Thinking (CT-A1)	 + 	Advanced Complexity Thinking Accreditation
Distributed Leadership (DL-A1)	 + 	Advanced Distributed Leadership Accreditation
Team Science (TS-A1)	 + 	Advanced Team Science Accreditation
Lean Thinking (LT-A1)	 + 	Advanced Lean Accreditation

## Mastery Accreditation

### 1. Master Accreditation in Lean Thinking

- Accredited in The Flow System Foundations course (FS-1)
- Successful completion of the Lean Thinking Advanced course (LT-A1)
- Successful completion of the 5 Mastery Lean Thinking courses
  - Toyota Production System (LT-M1)
  - Lean Tools & Metrics (LT-M2)
  - Ji Kotei Kanketsu (LT-M3)
  - A3 Problem Solving (LT-M4)
  - On the Job Development (LT-M5)
- Pass Mastery Lean Thinking Assessment with a score of  $\geq 85\%$

Courses	Course Completion & Exam ( $\geq 85\%$ )	Accreditation
The Flow System Foundations Course (FS-1)		The Flow System Foundations Accreditation
Advanced Course Lean Thinking (LT-A1)		Advanced Lean Thinking Accreditation
Mastery Lean Thinking Courses LT-M1 + LT-M2 + LT-M3 + LT-M4 + LT-M5	 +  +  +  + 	Mastery Lean Thinking Accreditation
