

## Connect the Three Helixes:

Flow can only be achieved when the three helixes are interconnected. To identify how this could occur, the next exercise requires the reader to identify examples of different methods from each of the other two helixes (complexity thinking, distributed leadership) that might work well with human-centered design. Knowledge of all three helixes will be required to make these connections.

### COMPLEXITY THINKING

### DISTRIBUTED LEADERSHIP

### TEAM SCIENCE

## CONNECT THE HELIXES

Select a scenario or problem that would benefit from human-centered design.

Identify three methods from complexity thinking that could work with human-centered design. Give a brief description about how they complement one another.

CT Method 1:

CT Method 2:
