

## Connect the Three Helixes:

Flow can only be achieved when the three helixes are interconnected. To identify how this could occur, the next exercise requires the reader to identify examples of different methods from each of the other two helixes (distributed leadership, team science) that might work well with, or support, weak signal detection. Knowledge of all three helixes will be required to make these connections.

CONNECT THE HELIXES	
Select a scenario or problem that would benefit from the Scrum The Toyota Way.	
Identify three methods from distributed leadership that could work with Scrum The Toyota Way and give a brief description about how they complement one another.	
DL Method 1:	
DL Method 2:
