

Connect the Three Helixes:

Flow can only be achieved when the three helixes are interconnected. To identify how this could occur, the next exercise requires the reader to identify examples of different methods from each of the other two helixes (complexity thinking, distributed leadership) that will support situational awareness. Knowledge of all three helixes will be required to make these connections.

CONNECT THE HELIXES	
Select a scenario or problem that would benefit from situational awareness.	
Identify three methods from complexity thinking that could work with situational awareness. Give a brief description about how they complement one another.
